If you have any visa-questions contact us at visamondial2020@gmail.com.

Organisers will provide the easiest way of getting visas using the help of the Russian Government and Ministry of sport of the Russian Federation.

• Fill-in the forms

First of all, the head of your delegation (main contact person) needs to fill-in the forms for all of the delegation members (Preliminary Form – first, Final Registration Form – second). Questions about visa details are included into the form “Visa Form”, so it must be filled, also.

• Pay the invoice

We will send the invoice from the FPS of Russia to HODs during the week after receipt of your Final Registration Form. The payment can be made only after invoicing! Payment deadline dates are indicated above.

• Receive the invitation letter or the telex number

After we receive your Preliminary Form, Final Registration Form, Visa Form and the payment we start to work with all the visas for all the members of your delegation. In a week we will issue an invitation letter from the Russian foreign Ministry. You will receive the number of this invitation letter or the electronic invitation letter.

• Go to the Consulate

Then you will need to go to your Consulate (which you noted on the Visa Form). After you show them this number of the invitation letter (or the electronic invitation letter), fill-in the Consulate visa forms, leave there your passport for couple days and pay the Consulate fee (around 120\$).

• Congratulations and welcome to Russia!

Get your Russian visa in 3-4 days. We are waiting for you at the Mondial-2020!

15.1. COVID-19 INFORMATION

Together with the FAI and ISC, the organizers have developed a detailed protocol of action to prevent the spread of COVID-19 called the "ANTICOVID GUIDELINE". We have considered in this document the most basic points, the observance of which should become mandatory for all participants of Mondial 2020.

The Guideline has been accepted by the ISC Bureau.

You will find the following items there:

- Basic principles: what should every participant do to prevent the spread of COVID-19
- Your journey instruction: what not to forget before, during and after traveling to Russia
- What the Mondial Organizers do: what measures the organizers will take to minimize risks
- PCR-tests and vaccination: how often will the tests be taken and recommendations for those who have not been vaccinated yet

The complete document can be found in the appendix to this Bulletin #2. Link for the ANTICOVID GUIDELINE – <https://drive.google.com/file/d/1-HdzKOv7sdrQw8XkXLev6FiBEuAqjznZ/view?usp=sharing>

LET'S TAKE CARE ABOUT EACH OTHER

All of these rules are created to limit the risk of the spread of the virus and to prevent Mondial participants from getting COVID. Let's be attentive to the rules and approach the competition responsibly.

We trust that these measures are proportionate to mitigate the above-mentioned risks and impacts and we fully count on your support to comply with them.

In light of the below, we ask you to read carefully and understand the content of this Guideline and abide by the rules contained therein, as well as with any further instructions that may be issued by the Mondial organizers. Your compliance with such rules and instructions is key to successfully achieve our common objective to ensure that the health of all the participants is protected and that the Mondial-2020 is safely staged.

We are waiting for everyone at our home, in Siberia, on Tanay!

PRINCIPLES

MINIMIZE PHYSICAL INTERACTION

COVID-19 is transmitted through infected droplets in our breath exhaled by coughing, sneezing, talking, shouting or singing – and is passed from person to person when we are in close contact. The risks of catching COVID-19 grow in crowded poorly-aired spaces and when we spend time in proximity to those carrying COVID-19. That is why it is important to minimize social interaction, wear a mask, and avoid the close contact.

1. Keep physical interactions with others to a minimum
2. Avoid physical contact, including hugs, handshakes and “fives”
3. Keep two meters distance from athletes and at least one meter from others, including in operational spaces. Note that keeping a distance does not exclude the need to wear masks
4. Use Mondial local transport according to your daily schedule. Do not use public transport unless given permission

TEST & ISOLATE

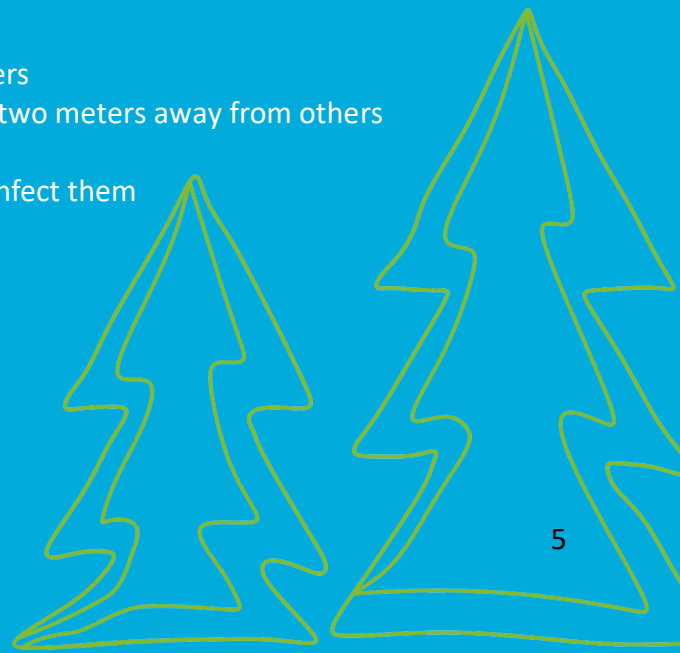

To stop the spread of COVID-19, it is vital to break the chain of human-to-human transmission. That is why it is important to identify who has the COVID-19 virus, through testing; understand who the disease might have been passed to, through contact tracing; and to use isolation and quarantining to stop the virus from spreading further.

1. Get tested and provide proof of a negative result before you depart for the Mondial-2020
2. Have regular screening tests for COVID-19 during the Mondial
3. Get a test and isolate if you experience any symptoms or are told to by COVID-controller (*read about the COVID-controller below)

HYGIENE

COVID-19 can live on everyday surfaces through droplets exhaled by an infected person. If we touch those objects with our hands and then touch our eyes, nose or mouth we run the risk of becoming infected. That is why we must not forget the basics of good hygiene — regularly and thoroughly cleaning our hands, disinfecting surfaces, avoiding touching our face, and covering our mouths when we sneeze or cough.

1. Wash your hands regularly and use hand sanitizers
2. Wear a face mask at all times, even outside and two meters away from others
3. Cough into your mask, sleeve or tissue
4. Avoid using shared items where possible, or disinfect them

YOUR JOURNEY INSTRUCTION

We trust that the measures laid out will mitigate any risks and impacts involved in participating in the Mondial-2020, and we fully count on your support to comply with them.

• BEFORE YOU TRAVEL

- Make sure you have all the relevant documentation: visa, invitation letter, negative COVID-19 test certificate
- Take your COVID-19 test within 72 hours of the departure time of your flight and only travel if your test is negative
- Make sure you know the latest information on COVID-19 testing and certificates needed by your airline, for any transit countries and for entry into Russia
- Monitor your health daily for the 14 days before you travel to Russia
 - Take your temperature daily
 - Proactively monitor your personal health every day (for example, body temperature and any other COVID-19 symptoms)
- Follow good hygiene practice – including wearing a face mask, washing your hands regularly or using hand sanitizer
- You will be required to have medical treatment insurance covering the entire period of your stay in Russia. Note that it must cover the COVID expenses, also.

• ENTERING RUSSIA

- Presenting immigration authorities your visa, invitation letter if needed and evidence of your negative COVID-19 test
- Be ready to take a COVID-19 test when you enter Russia

• AT THE MONDIAL

- Participants, Judges, Officials will be tested for COVID-19 at their arrival day
- Participants, Judges, Officials will be tested for COVID-19 at 3-day intervals along their journey
- You must get a test and isolate if you experience any COVID-19 symptoms or are told to by the COVID-controller (**read about the COVID-controller below*)
- Physical distancing and good hygiene measures must be followed throughout your time in Russia, to help keep everyone safe and healthy
- Proactively monitor your personal health every day (for example, body temperature and any other COVID-19 symptoms)
- If you have a confirmed positive test for COVID-19 during the Mondial:
 - Immediately begin isolating and inform your COVID-controller (**read about the COVID-controller below*)
 - You will either be required to continue isolating or be hospitalized
- Be ready to have your temperature checked and hands disinfected every time you enter a Mondial venue

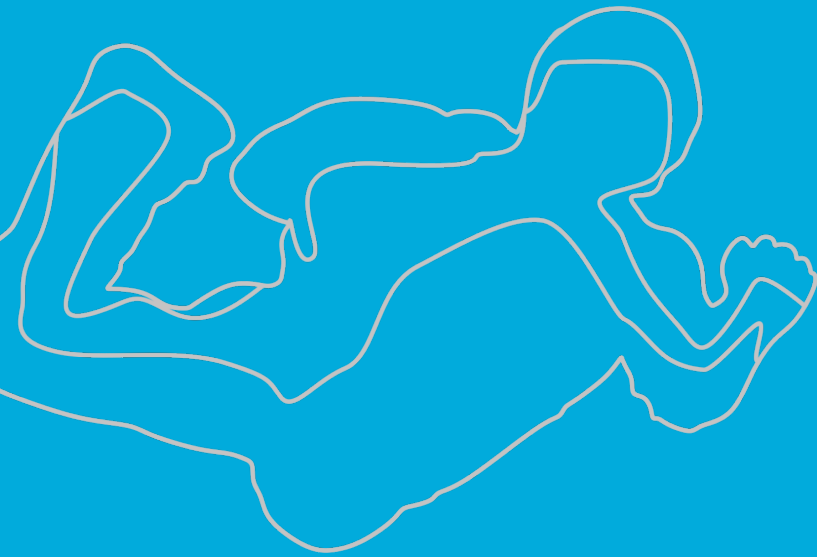

• LEAVING RUSSIA

- Know the latest entry requirements for your destination country, as well as any countries you will pass through in transit
- Be ready to take a final COVID-19 test before departure if required

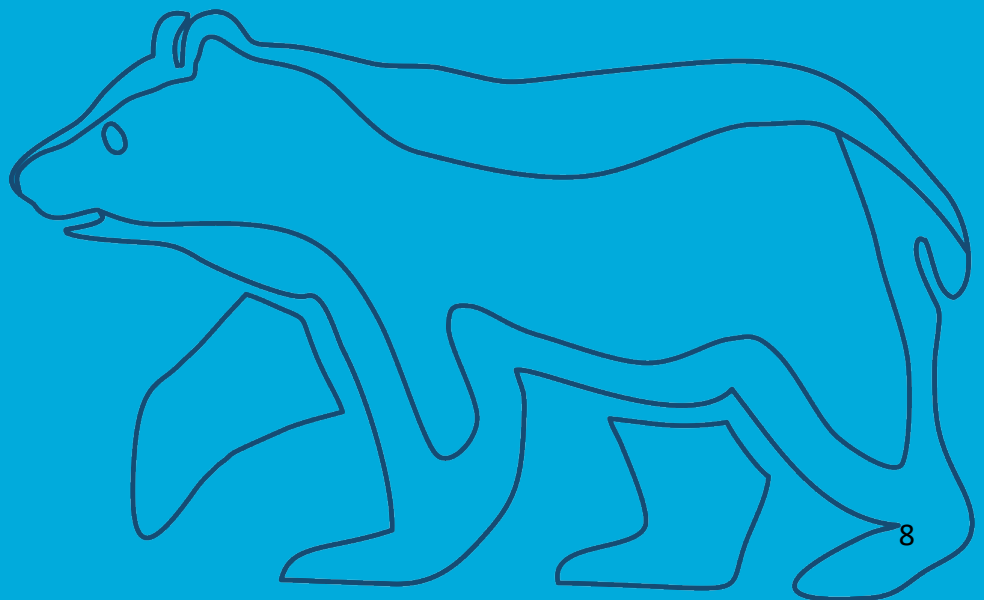

WHAT THE MONDIAL ORGANIZERS DO?

*For both DZs there will be a dedicated **COVID-controller**. COVID-controller is a professional infectious disease physician. This person will be your key contact for all matters related to COVID-19. They will also be the contact for the FAI/ISC, Mondial-2020 Organizers and the Russian health authorities. Your COVID-controller will be responsible for ensuring you understand and follow this Guideline. This applies to everyone: participants, Organizers, Judges, Officials. COVID-controllers will receive their own detailed guidelines related to their position.*

//ON THE GROUND

- Compliance with a distance of two meters
- If the minimum distance is not observed, then a protective mask must be worn at all times while on the territory of the DZ
- The DZ management does not have the right to allow persons into the territory without appropriate protective equipment (masks)
- The DZ management provides a non-contact temperature check to everyone who enters the DZ. It is forbidden to stay on the territory of the DZ of people with a body temperature of 37.2°C and above
- The DZ management shall provide everyone who has access to the DZ territory with antiseptics, protective masks
- During the day disinfection of mass visiting zones (infrastructure, aircraft) is regularly carried out
- The cockpit is disinfected after each shift, as well as every day after the end of the jumps
- The passenger compartment of the aircraft is treated with antiseptic agents at each break (refueling, etc.). Disinfection is performed at least every 6 take-offs. Plumbing is disinfected every day
- Cafes, bars and other places of public catering are treated with antiseptic agents every day
- Only people with no cold and / or fever symptoms and no contact with positive COVID-19 patients in the past 14 days are eligible to participate. People with even mild or vague symptoms and those at risk are not allowed to participate
- Keep physical interactions with others to a minimum
- Avoid physical contact, including hugs, handshakes and “fives”

//IN AN AIRCRAFT

- Skydivers must maintain the greatest possible distance in the aircraft
- No later than the moment of boarding the plane you must wear protective masks or a helmet with protective glass. It is obligatory to wear closed sportswear (overalls) and tightly closed shoes
- Pilots must fly with a mask that covers their mouth and nose
- To ventilate the aircraft, constant air exchange must be ensured
- There is no risk of infection in free fall due to the high flight speed and wearing protective clothing. Wearing masks is mandatory on the ground.

//DZ STAFF AND ORGANIZERS

All of the above rules for distancing, wearing protective equipment, antiseptic treatment, etc. apply to the personnel of the DZ.

Organizers and DZ staff will be vaccinated before the beginning of the Mondial-2020.

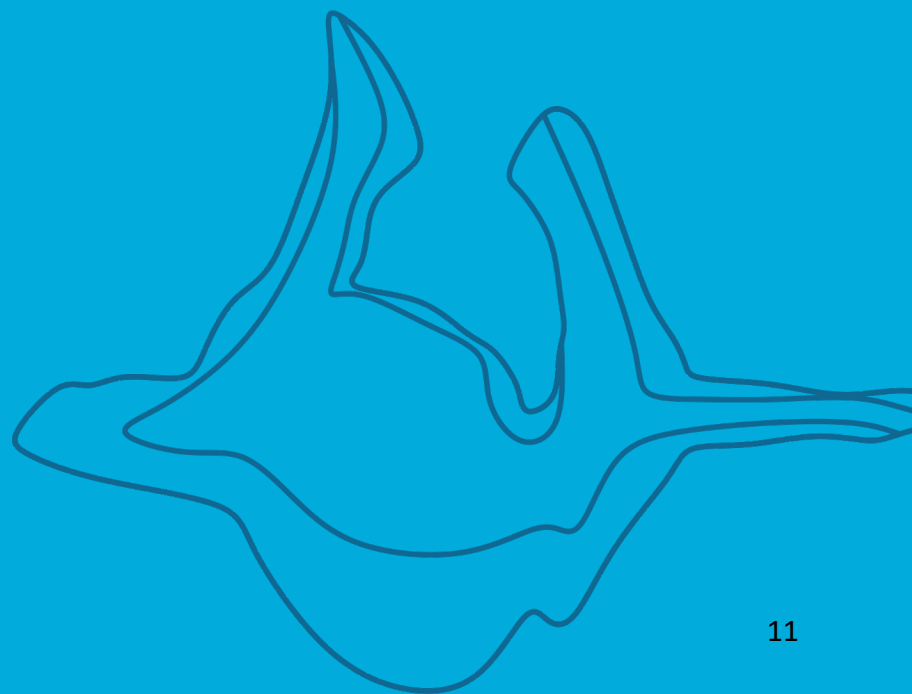

IMPORTANT!

The management of the DZ monitors the restrictive measures established by the regional leadership of the constituent entity of the Russian Federation on the territory of which the DZ is located.

//EATING ZONE

- Eating zone staff must wear a mask that covers their mouth and nose
- The DZ management provides a non-contact temperature check to everyone who enters the eating zone before breakfast, lunch and dinner
- Competitors must wear a mask entering the eating zone and can take it off only at the table
- Breakfast, lunch and dinner will be served in lunch boxes
- 80% eating places will be placed outside. Rules of operation of street verandas of restaurants adopted in Russia will be used to the Mondial eating places (distance between the tables – 1 meter, the maximum number of persons at the table at the same time – 4)
- All the kitchen and service personnel will be vaccinated before the Mondial

//PUBLIC PLACES

- Public places include toilets, hangar rooms, packing zones, ground aircraft exit door imitation, hotels reception
- Competitors must wear a mask entering all of these zones
- All of these zones will be disinfected once an hour during all the competition period
- Wash your hands after visiting any public place

//PUBLIC TRANSPORT

- Use only Mondial local transport during the competition
- Transfer buses will be no more than half full
- Transfer buses will be disinfected after every one-way (DZ-Hotel and Hotel-DZ) trip
- Transfer buses will be assigned to every delegation

//SPECTATORS

- Spectators are allowed to attend the Mondial
- All of the above rules for distancing, wearing protective equipment, antiseptic treatment, temperature checking etc. apply to the spectators
- Spectators are allowed to be in the spectators' zone only. This area does not overlap with the athletes'/Organizers'/Officials' access area
- Note that both DZs are situated far enough from the city. DZ Tanay is 120 km far from Kemerovo, DZ Kemerovo is located in one of the most remote and unpopular areas of the city. This means that the number of spectators of the event will be minimal

PCR-TESTS

- Two days before the competition starts all the organizers and volunteers will be tested for COVID-19
- Participants, Judges, Officials will be tested for COVID-19 at their arrival day
- Participants, Judges, Officials will be tested for COVID-19 at 3-day intervals along their journey
- The COVID-19 test result will be ready in 6 hours after the testing
- The final COVID-19 test will be made for participants, Judges and Officials the day before departure day. You can show this test at the airport when leave Russia
- You must get a test and isolate if you experience any COVID-19 symptoms or are told to by the COVID-controller
- The COVID-19 tests will be conducted by a licensed medical organization authorized to do the tests. The quality of the tests is at a high level. Consumables for sampling will be provided by this organization
- All the other protective equipment (protective masks, gloves, antiseptics) will be provided by the Organizers of the competition

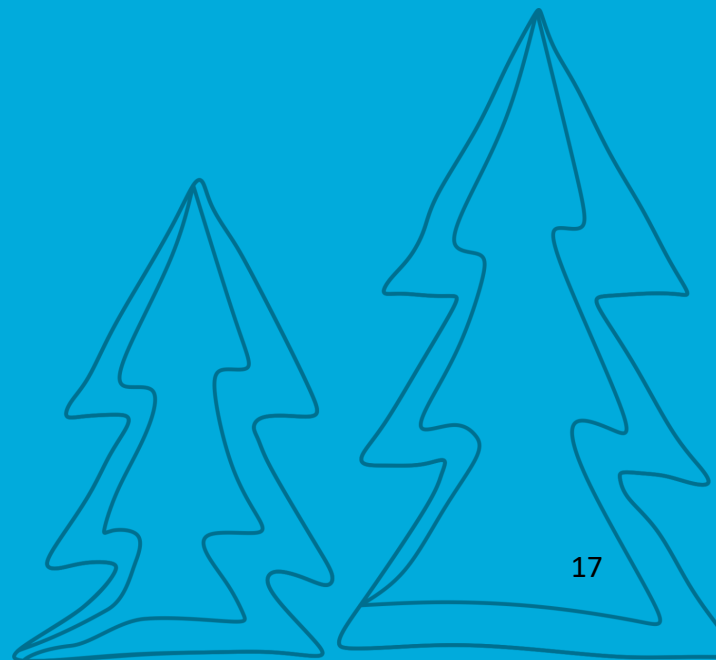

VACCINATION

- Vaccines are one of many tools available in the toolbox, to be used at the appropriate time and in the appropriate way. The Mondial organizers team strongly support the priority of vaccinating everyone who want to come to Russia and to the Mondial-2020
- Organizers and DZ staff will be vaccinated before the beginning of the Mondial-2020
- You will not be required to have received a vaccine in order to participate in the Mondial – and all of the rules outlined in this Guideline will apply, whether or not you have received the vaccine
- The vaccine does not replace the need to comply with safety measures and does not prevent the spread of the virus, so even those who have been vaccinated must still comply with all of the listed requirements
- If you have been vaccinated, make sure that you have both vaccinations (if the vaccine is two-part vaccine), and also that these vaccinations are made in advance of the event (antibodies have already formed)

IF SOMEBODY GETS COVID-19 POSITIVE TEST

- If you experience any symptoms of COVID-19 during the Mondial, immediately contact your DZ COVID-controller, who will explain the next steps
- There will be a COVID-controller on both DZs: Kemerovo and Tanay
- COVID-controller is a professional infectious disease physician who can decide what to do if someone experiences any symptoms of COVID-19
- If you experience any symptoms of COVID-19 you and your teammates (for group disciplines) and roommates (if you are individual) will be isolated till the COVID-controller decides what to do next (you will either be required to continue isolating or be hospitalized)
- If your COVID-test is positive you, your teammates (for group disciplines) and roommates (if you are individual) will be isolated till the COVID-controller decides what to do next (you will either be required to continue isolating or be hospitalized)
- During the period after receiving the test till the hospitalization or the period while you're isolated the COVID-controller will be in contact with you 24/7
- All the COVID expenses will be covered by the organizer (testing, hospitalization, transport covering and etc.). There are 1000 beds in the red zone "booked" by the organizers for the Mondial participants
- The hospital which will hospitalize those who fall ill with COVID is located in the city of Kemerovo (1 hour 20 minutes by car from the DZ Tanay / 15 minutes by car from the DZ Kemerovo). This Hospital is not the one that accompanies the event and provides ambulances

COVID SITUATION IN RUSSIA

In Russia for now (May, 2021) we have to:

- Wear a face mask at all times, except when eating and sleeping, or if you are outside and able to keep two meters apart from others
- Keep a minimum of two meters distance from others
- Have your temperature checked every time you enter a public place (café, restaurant, museum, airport etc.)

We check the COVID situation on a weekly basis and will act in accordance with the current situation in the Kemerovo region, in Russia and around the world.
